### About The Kenton

The Kenton Theatre is a stunning Georgian venue which first opened in November 1805 and is one of the oldest working theatres in the UK. Seating 240, the theatre today offers a varied programme of music, drama, dance, talks, comedy and family work and is regularly hired by a number of community groups and private events. Boasting over 230 performances a year, with an annual income of c£500k.

### The Role

We are seeking two experienced and professional Assistant Fly Operators with great time keeping skills for our production of Snow White from the 10 - 30 December 2024.

You will operate as a pair to raise and lower the scenic elements that are part of the show whilst adhering to the health and safety protocols set out by the Stage Manager and the theatre's Technical Manager. You will be expected to participate in training, rehearsals, attend a dress run of the performance, and the build and break. Shifts are split equally during the run with another fly operator plus providing cover for each other.

The show will run for approximately 2.5 hours including an interval. Crew will be paid for at least 4 hours per performance including prep for approximately an hour before the show and 30 minutes resetting/handover after.

Please note that due to the age of the building, the stage and fly floor are accessible only by steps.

### Main duties and responsibilities

- Raising and lowering the scenic elements of the show
- Assisting with build and break of show
- Assist with preshow preparations including the positioning of cloths.

- Assisting actors with props.
- Responding to technical issues and emergencies as needed.

## Essential Skills & Experience

- Excellent timekeeping.
- Polite and helpful manner.
- Willing to get stuck in and assist in situations to ensure the smooth running of the show.
- Customer service experience.
- Experience either on or backstage in a theatre environment.

## Desirable Skills & Experience

- Previous fly operating experience
